11th ANNUAL NATIONAL SCIENTIFIC MEETING

April 25 - 27, 2024

ATTENDEE BROCHURE
The Outpatient Endovascular and Interventional Society (OEIS) would like to thank you for participating in the 2024 OEIS Annual National Scientific Meeting!

The OEIS aims to:

• Enhance the safety, quality and patient satisfaction of outpatient endovascular and interventional procedures.
• Develop standards of practice for the operation of outpatient endovascular and interventional cases.
• Promote education to the medical community and public regarding outpatient endovascular procedures.
• Support research on medical, financial and management issues of outpatient endovascular and interventional centers.
• Foster collaboration and unity among multiple specialties, industry and service partners to advance this healthcare delivery model.
• Provide a forum to share experiences and best practices among practitioners.
• Advocate for outpatient endovascular and interventional centers with governmental bodies, insurance companies and industry.
• Provide leadership on how this new, innovative healthcare delivery model integrates into our rapidly evolving healthcare system.

OEIS LEADERSHIP

EXECUTIVE COMMITTEE
Bob Tahara, MD, President
Bret Wiechmann, MD, Past President
Sam Ahn, MD, President Elect
Gerald Niedzwiecki, MD, Treasurer/Program Chair

BOARD OF DIRECTORS
George Adams, MD, Interventional Cardiology
Curtis Anderson, MD, Interventional Radiology
Stephen Daugherty, MD, Vascular Surgery
Eric Dippel, MD, Interventional Cardiology
Paul Gagne, MD, Vascular Surgery
Robert Kennedy, MD, Interventional Radiology
Rafael Malgor, MD, Vascular Surgery
Pat Ryan, MD, Vascular Surgery
Fadi Saab, MD, Interventional Cardiology
Paul Varosy, MD, Interventional Cardiology
Craig Walker, MD, Interventional Cardiology
Mike Watts, MD, Interventional Radiology

OEIS FOUNDING MEMBERS
Samuel Ahn, MD, Vascular Surgery
Michael Arata, MD, Interventional Radiology
Enrico Ascher, MD, Vascular Surgery
John Blalock, MD, Vascular Surgery
Jeff Carr, MD, Interventional Cardiology
Krishna Jain, MD, Vascular Surgery
William Julien, MD, Interventional Radiology
Elias Kassab, MD, Interventional Cardiology
Yazan Khatib, MD, Interventional Cardiology
Christopher LeSar, MD, Vascular Surgery
Guy Mayeda, MD, Interventional Cardiology
Gerald Niedzwiecki, MD, Interventional Radiology
David C. Sperling, MD, Vascular & Interventional Radiology
Bret Wiechmann, MD, Interventional Radiology
OEIS 2024 MEETING AGENDA

MAY 25 - 27, 2024

Target Audience
Physicians, surgeons, residents in training and allied personnel in the fields of vascular surgery, interventional radiology, interventional cardiology, and other outpatient interventionalists involved in office-based endovascular procedures.

Learning Objectives
At the conclusion of this activity, participants should be able to:

- Describe current practices and new developments in the outpatient office-based management of patients with arterial, venous and coronary artery disease undergoing interventional procedures.
- Discuss new management and therapeutic approaches to patients with these conditions.
- Identify current and upcoming changes in the practice of vascular surgery, interventional cardiology and interventional radiology in the setting of the new health care reform.
- Implement changes into their practice to improvement in patient health outcomes.

Activity Goal
This activity is designed to address the following core and team competencies:
- Patient Care, Medical Knowledge, Practice-based Learning, Professionalism

Non-Endorsement
The accredited provider verifies that sound education principles have been demonstrated in the development of this educational offering as evidenced by the review of its objectives, teaching plan, faculty, and activity evaluation process. The accredited provider does not endorse or support the actual opinions or material content as presented by the speaker(s) and/or sponsoring organization.

Disclosures
The accredited provider adheres to accreditation requirements regarding industry support of continuing medical education. Disclosure of the planning committee and faculty's commercial relationships will be made known at the activity. Speakers are required to openly disclose any limitations of data and/or any discussion of any off-label, experimental, or investigational uses of drugs or devices in their presentations. All employees in control of content have no relevant financial relationships to disclose.

Accreditation
In support of improving patient care, this activity has been planned and implemented by Cine-Med and Outpatient Endovascular and Interventional Society. Cine-Med is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Physicians
Cine-Med designates this live activity for a maximum of 20.5 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Nurses
This activity provides 20.5 contact hours for nurses.

Other Healthcare Professionals
All other healthcare professionals will receive a Certificate of Participation. For information on the applicability and acceptance of Certificates of Participation for activities designated for AMA PRA Category 1 Credits™, consult your professional licensing board.

Commercial Support
This activity is being provided independent of industry support.

Certificates:
To claim your credits, complete the online Credit and Evaluation form using the following URL:

This is a one-time credit submission. Credits should be tracked at the completion of the meeting. Participants will be able to download or print a certificate once the form has been submitted.

CME Overview - OEIS 11th Annual National Scientific Meeting

THURSDAY APRIL 25

7:30 AM - 8:00 AM  Breakfast - Grab & Go     Concorde C

8:00 AM - 10:00 AM  Marketing Workshop
Moderators: Dianne Keen, FRBMA & Aaron Kossaleski, MD

10:00 AM - 10:15 AM  Break

10:15 AM - 12:00 PM  Marketing Workshop (continued)

GEST at OEIS: Embolization in the OBL - Part I
Moderators: Jafar Galantian, MD & Gerald Niedzwiecki, MD

10:15 AM - 10:25 AM  Patient Selection, Anatomy and Variants
Sid Padia, MD

10:25 AM - 10:35 AM  How to do it: Techniques & Devices
Christopher Goetti, MD

10:35 AM - 10:45 AM  Tips, Tricks & Pitfalls
Alex Dąbrowiecki, MD

10:45 AM - 10:55 AM  Q & A

10:55 AM - 11:05 AM  Patient Selection, Anatomy and Variants
Keith Pereira, MD

11:05 AM - 11:15 AM  How to do it: Techniques & Devices
John Lipman, MD

11:15 AM - 11:25 AM  Tips, Tricks & Pitfalls
Lawell Kahn, MD

11:25 PM - 11:35 PM  Q & A

11:35 AM - 11:45 AM  Patient Selection, Anatomy and Variants
Mike Cumming, MD

11:45 AM - 11:55 AM  How to do it: Techniques & Devices
Amin Astani

11:55 AM - 12:05 PM  Tips, Tricks & Pitfalls
Bob Tahara, MD

12:05 PM - 12:15 PM  Q & A

12:15 PM - 12:30 PM  Lunch - Grab & Go     Concorde Foyer

12:30 PM - 2:30 PM  Legal Session
Moderator: Bill Julien, MD
Speakers: Paul Rudolph, Murad Hussain & Jason Greis
Interactive session with attorney panel to discuss developments in recent industry investigations, fraud and abuse topics and opportunities for enhancing your DBI's and practice's compliance.

3:00 PM - 5:30 PM  Technology Forum
Champagne 4

Straightforward and complex lesions: The tools you need to be aware of
FRIDAY APRIL 26

7:00 AM - 7:55 AM  BREAKFAST SYMPOSIUM: Sponsored by Abbott  Concorde A
   Title: A case-based review of the Stealth 360 Peripheral Orbital Atherectomy System

General Session 1  OBL 101  Vendome A
   Moderators: Chris Kwokel, MD & Sandeep Rao, MD
   8:10 AM - 8:20 AM  Welcome Address  Gerald Niedzwiecki, MD
   8:20 AM - 8:30 AM  Why to do it  Derek Mittlender, MD
   8:30 AM - 8:50 AM  Business Plan/Proforma/Site Identification  Sam Ahn, MD
   8:50 AM - 9:00 AM  Funding and How Much it will Cost  Chris Kwokel, MD
   9:10 AM - 9:20 AM  Payor Contracting  Laurie Bouzarelos
   9:20 AM - 9:30 AM  Equipment and Service  Gabe Stabile
   9:30 AM - 9:40 AM  Direct to Patient: How to Reach Patients without Referrers  Sandeep Rao, MD
   9:40 AM - 9:50 AM  Balancing OBL and Hospital Contract  Ali Goldhan, MD
   10:00 AM - 10:30 AM  Break with Exhibitors  Rivoli A

Breakout Session 1-B Advanced Techniques: The OBL center of excellence Concorde B
   Moderators: Sam Ahn, MD & Fadi Saab, MD
   8:10 AM - 8:20 AM  CLI in the Office  Bret Wiechmann, MD
   8:20 AM - 8:30 AM  Deep Vein Arterialization Technique and How to Get Paid  Mike Watts, MD
   8:30 AM - 8:40 AM  PQ Bypass  Steve Hoening, MD
   8:40 AM - 8:50 AM  Pedal Loops Tech  Fadi Saab, MD
   8:50 AM - 9:00 AM  Plantar Acceleration Time to Evaluate CLI  Mary Costantino, MD
   9:00 AM - 9:10 AM  Comparison of Arterial Closure Devices: What we learned from 19,000 cases  Sam Ahn, MD
   9:10 AM - 9:20 AM  Popliteal Artery Aneurysm Management with Bare Metal Stents in an OBL  Sam Ahn, MD
   9:20 AM - 9:30 AM  Wound Care - Pathophysiology/Types of Chronic Wounds/Perfusion Assessment  Aaron Kovalek, MD
   9:30 AM - 9:40 AM  Role of Placental Allografts/Biologics  Aaron Kovalek, MD
   9:40 AM - 9:50 AM  Q & A
   10:00 AM - 10:30 AM  Break with Exhibitors  Rivoli A

General Session 2 OBL 201 - Advanced Business Concepts Vendome A
   Moderator: Chris Kwokel, MD
   10:30 AM - 10:40 AM  How to Expand  Chris Kwokel, MD
   10:40 AM - 10:50 AM  Insurance Contract Re-negotiation and How to Appeal Insurance Denials  Laurie Bouzarelos
   10:50 AM - 11:00AM  How to Realize the Value of OBL’s to Payors in your Contracts  Deepak Sudheendra, MD
OEIS 2024 MEETING AGENDA

11:00 AM - 11:10 AM  Virtual Staffing of the Office/Alternatives to Full-Time Staff
Robert Goettling

11:10 AM - 11:20 AM  Private Equity - Is it for me?/PRO
Craig Walker, MD

11:20 AM - 11:30 AM  Private Equity - Is it for me?/CON
Sandeep Rao, MD

11:30 AM - 11:40 AM  Dashboards for the OBL
Mike Cumming, MD

11:40 AM - 11:50 AM  Q & A

12:00 PM - 12:55 PM  LUNCH SYMPOSIUM: Sponsored by Philips
Concorde A
Title: Navigating the Evolving OBL and ASC Macroenvironment

Breakout Session 2-B  Wound Care
Moderator: Krishna Jain, MD

10:40 AM - 10:55 AM  Wound Care Basics - First and Second Line Therapy
Steve Hoenig, MD

10:55 AM - 11:05 AM  Wound Care - Debridement/Management of Diabetic Foot Ulcer
Steve Hoenig, MD

11:05 AM - 11:20 AM  Limb Preservation Center: How to do it
Krishna Jain, MD

11:20 AM - 11:30 AM  Wound Care: Clinical and Business Considerations
Krishna Jain, MD

Why You Should Add it to Your Practice

11:30 AM - 11:50 AM  Q & A

General Session 3  Advocacy
Moderators: Bob Tahara, MD & Gerald Niedzwiecki, MD

1:10 PM - 1:20 PM  PAC Discussion
Bob Tahara, MD

1:20 PM - 1:30 PM  Advocacy
Gerald Niedzwiecki, MD

1:30 PM - 1:40 PM  Update from the Hill
Jason McKitrick

1:40 PM - 2:00 PM  KEYNOTE SPEAKER
Aaron Mauck, PhD
Title: The Vascular Ambulatory Shift: Changing Incentives and Emerging Challenges

2:00 PM - 2:20 PM  PRESIDENTIAL ADDRESS/AWARDS CEREMONY
Bob Tahara, MD

2:20 PM - 2:40 PM  Business Meeting (OEIS Members Only)

2:40 PM - 3:10 PM  Break with Exhibitors
Rivoli A

General Session 4  GEST at OEIS: Embolization in the OBL - Part II
Moderators: Jafar Golzarian, MD & Bret Wiechmann, MD

3:20 PM - 3:30 PM  Patient Selection, Anatomy and Variants
Kavi Devulapalli, MD

3:30 PM - 3:40 PM  How to do it: Techniques & Devices
Jafar Golzarian, MD

3:40 PM - 3:50 PM  Tips tricks & Pitfalls
Charlie Nutting, MD

3:50 PM - 4:00 PM  Q & A

Radioembolization

4:00 PM - 4:10 PM  Challenges in setting Y90 up in an OBL
David Sperling, MD

4:10 PM - 4:20 PM  How to do it: Techniques & Devices
Andy Vartanian, MD
OEIS 2024 MEETING AGENDA

4:20 PM - 4:30 PM  Tips, Tricks & Pitfalls     Siddarth Padia, MD
4:30 PM - 4:40 PM  Q & A

Hemorrhoid Embolization
4:40 PM - 4:50 PM  Patient Selection, Anatomy and Variants  Rachel Piechowiak, MD
4:50 PM - 5:00 PM  How to do it: Techniques & Devices  Alex Pavlides, MD
5:00 PM - 5:10 PM  Tips, Tricks & Pitfalls  Don Garbett, MD
5:10 PM - 5:15 PM  Q & A

5:15 PM - 6:45 PM  Welcome Reception with Exhibitors  Rivoli A

7:00 PM - 8:30 PM  DINNER SYMPOSIUM: Sponsored by Siemens Healthineers
Title: Credit, Capital and Capitol Hill: Lessons on lenders, navigating reimbursement, and how to make your strategy shock-resistant

7:00 AM - 7:55 AM  Breakfast  Rivoli A
7:00 AM - 7:55 AM  Residents, Fellows & Early Career Physicians  Versailles
Mentor/Mentee Breakfast
Moderator: Doug Beall, MD

General Session 5
8:10 AM - 8:40 AM  Basivertebral Nerve Ablation  Doug Beall, MD
8:40 AM - 9:00 AM  Spinal Cord Stimulators for Painful Peripheral Neuropathy  Joel Rainwater, MD
9:00 AM - 9:20 AM  SI Joint Fusion  Dana Dunleavy, MD
9:20 AM - 9:40 AM  Intradiscal Cellular Therapy  Doug Beall, MD
9:40 AM - 10:10 AM  Break with Exhibitors

General Session 6
10:20 AM - 10:30 AM  Atherectomy over Utilization: Fact or Fiction  Patrick Ryan, MD
10:30 AM - 10:40 AM  Venous Stents: Too few or too many  Bob Tahara, MD
10:40 AM - 10:50 AM  Role of IVUS in PAD  Chris Kwolek, MD
10:50 AM - 11:40 AM  Round Table Discussion  Bill Julien, MD
11:40 AM - 11:50 AM  Q & A

Breakout Session 6-B
10:20 AM - 11:40 AM  HANDS-ON WORKSHOP - Sponsored by NEVRO  Champagne 4
Effective treatment for refractory painful diabetic neuropathy (PDN).*

SATURDAY APRIL 27

Are You Ready to Join OEIS?
OEIS is serving and evolving the outpatient endovascular community through advocacy, education, promotion, development, and support. Be a part of it - make a difference.

Several Membership Options Available
In addition to the ACTIVE, ASSOCIATE, and CORPORATE membership options offered in the past, OEIS is now offering membership paths to:

• ADMINISTRATIVE & AFFILIATE STAFF - staff who are affiliated with a current, existing OEIS member and/or participating registry site
• TRAINEES - residents, fellows, and students affiliated with accredited educational institutions
• GROUPS - conveniently enroll all qualified practice members at one time!

Please visit: https://oeisweb.com to start a membership application or...
OEIS 2024 MEETING AGENDA

12:00 PM - 12:55 PM
LUNCH SYMPOSIUM: Sponsored by Boston Scientific
Concorde A
Title: Outside the Hospital: There’s Never Been a Better Time

12:00 PM - 12:55 PM
Lunch with Exhibitors
Rivoli A

General Session 7
Research in the OBL
Vendome A
Moderators: John Blebea, MD & Bob Beasley, MD

1:10 PM - 1:20 PM
Clinical Research in the OBL
Bob Beasley, MD

1:20 PM - 1:30 PM
OEIS Registry Infrastructure for Research
Bob Tahara, MD

1:30 PM - 1:40 PM
The Published Data on Lower Extremity Atherectomy Outcomes
Rafael Malgor, MD

1:40 PM - 1:50 PM
Long Term Atherectomy Outcomes: Results from the OEIS National Registry
Moiz Shah

1:50 PM - 2:00 PM
Importance of Research and Surveys in Advocacy
John Blebea, MD

2:00 PM - 2:10 PM
Q & A

2:10 PM - 2:35 PM
Break with Exhibitors
Rivoli A

Breakout Session 7-B
Residents, Fellows & Early Career Physicians Track
Versailles
Title: Legal Considerations when you’re Entering Practice
Moderator: Sandeep Rao, MD

1:10 PM - 1:20 PM
How to Negotiate Your first employment Contract
Jason Greis

1:20 PM - 1:30 PM
Medical Malpractice: Special concerns in the OBL
O. William Brown, MD

1:30 PM - 2:00 PM
Documentary - A World of Hurt: How Medical Malpractice Hurts Everyone
Viknesh Kasiheri

4:20 PM - 4:30 PM  Q & A

4:30 PM - 4:40 PM  CLOSING REMARKS

4:40 PM  MEETING ADJOURNS

General Session 9  Dialysis Access Issues  Vendome A

3:40 PM - 3:50 PM  Percutaneous Dialysis Fistula Creation: Why to do it, how it is done, & why not do it  Rishi Razdan, MD
3:50 PM - 4:00 PM  The Role of DCEB vs. Covered Stent Placement  Mike Watts, MD
4:00 PM - 4:10 PM  Management of Central Venous Disease  Pablo Uceda, MD
4:10 PM - 4:20 PM  Reimbursement OBL vs ASC - Dialysis Issues  Gregg Gaylord, MD
4:20 PM - 4:30 PM  Q & A

3:30 PM - 4:40 PM  CLOSING REMARKS

4:40 PM  MEETING ADJOURNS
We lead global healthcare technology, boldly attacking the most challenging problems. Our Mission — to alleviate pain, restore health, and extend life — unites a global team of 90,000+ people, and our technologies transform the lives of two people every second, every hour, every day. Expect more from us.

MediReport delivers an end-to-end Cardiovacular Information System to optimize workflows for Ambulatory Surgery Centers and Office-Based Labs cath labs. Our solution enables integrated procedure and physician structured reporting, inventory management, analytics, and data-driven insights. With 25+ years of experience, we are a trusted partner for optimized workflows and actionable insights.

Northeast Scientific is the market leader in high-end medical device reprocessing with nine devices currently available for commercial sale and several additional products in development. Two board-certified vascular surgeons guide and inspire our day-to-day operations alongside an exceptional team. Their oversight of NEScientific policy and operations is one of the cornerstones of success, empowering us to provide the professional reassurance that concerned surgeons and executives seek, regarding quality and reliability in a healthcare world that is rapidly refocusing on cost savings.

Nimble Solutions is the leading provider of revenue cycle management solutions for ambulatory surgery centers (ASCs), surgical clinics, surgical hospitals, and anesthesiology groups. Our tech-enabled solutions allow surgical organizations to streamline their revenue cycle processes, reduce administrative burden, and improve financial outcomes. Join more than 1,100 surgical organizations who trust nimble solutions and its advisors to bring deep insights and actionable intelligence to optimize their revenue cycle. For more information, visit www.nimblescr.com

OBL Marketing specializes in supporting Interventional Radiologists with direct-to-patient marketing solutions. We help OBL’s and ASC’s attract, and convert high-value patients through their websites and online presence. We help patients find you online.

The OIS National Registry is a GCOR (Qualified Clinical Data Registry) that focuses on detailed outcomes within outpatient interventional suites (OIS). The registry’s purpose is to promote quality and to identify benchmarks for best practices within the OIS sector.
THANK YOU EXHIBITORS & SPONSORS

Abbott is a global healthcare leader that helps people live more fully at all stages of life. Our portfolio of life-changing technologies spans the spectrum of healthcare, with leading businesses and products in diagnostics, medical devices, nutritionals and branded generic medicines. Our 109,000 colleagues serve people in more than 160 countries.

American Vascular Associates (AVA) brings over 15 years of expertise to outpatient vascular care. From initial development to ongoing management, we offer a range of services including revenue cycle management and marketing support. Discover new opportunities for collaboration and growth with AVA.

AngioDynamics, Inc. is a leading provider of innovative, minimally invasive medical devices used by professional healthcare providers for vascular access, vascular interventions and therapies, and oncology. Diverse product lines include market-leading ablation systems, vascular access products, angiographic products and accessories, drainage products, thrombolytic products and venous products. Learn more at angiodynamics.com.

APEX Health Network is a healthcare management company founded by academic physicians and seasoned healthcare executives with extensive experience and expertise in developing and managing successful wound care and hyperbaric centers, with a special focus on the treatment of diabetic foot ulcers and pressure ulcers. Committed to delivering high-quality healthcare solutions to enhance the well-being of individuals and communities, APEX Health Network strives for innovation, collaboration, and excellence. APEX Health Network offers a comprehensive range of services, including hospital-based and freestanding wound care and hyperbaric medicine management, oversight and development of office-based endovascular labs, and population health/virtual case management. As advocates for health and wellness, APEX Health Network prioritizes preventive measures, early intervention, and holistic healthcare practices. APEX Health Network is dedicated to fostering a healthier tomorrow by addressing the evolving needs of our diverse patient base. For more information about APEX Health Network and our commitment to excellence in limb preservation, please visit our website at www.apexhealthnetwork.com.

For over 50 years Argon Medical has been a dedicated partner in providing interventional solutions that empower physicians to deliver exceptional patient outcomes. With over 1,000 employees and partners globally, Argon is a U.S. manufacturer that partners with healthcare providers to offer superior vascular and oncology solutions.

Asahi Intecc is a medical device company focused on delivering clinically unique devices used in vascular procedures by interventional cardiologists, interventional radiologists, vascular surgeons and neurovascular surgeons. Asahi will leverage their four core competencies to develop device-based solutions targeting specific niches where Asahi can achieve a market leading position.

A leading US Healthcare Revenue Cycle Management service provider, optimizing financial processes for healthcare organizations. Our comprehensive solutions enhance revenue streams, streamline billing, clinical documentation improvement (CDI) and ensure compliance, improving overall operational efficiency. With cutting-edge technology and industry expertise, we empower healthcare providers to focus on patient care while maximizing financial performance.

BD is one of the largest global medical technology companies in the world and is advancing the world of health by improving medical discovery, diagnostics and the delivery of care. BD helps customers enhance outcomes, lower costs, increase efficiencies, improve safety and expand access to health care. bd.com

Bentley’s perspective is the development, manufacturing and distribution of innovative implants for minimal invasive treatments of vascular diseases. Since market launch in 2012 we rapidly expanded worldwide. Thanks to our international network of exclusive distribution partners we are represented in more than 80 countries – in some we are already market leader.

Biotronik provides world class implantable technologies to help treat peripheral vascular, coronary vascular and cardiac arrhythmia patients.

Block Imaging is proud to serve healthcare providers with new and refurbished diagnostic imaging equipment, parts, and service. In addition to equipment solutions, Block Imaging offers project management, warranties, and financing options for a true turnkey experience. Through this range of services, Block Imaging extends the life of medical imaging equipment around the world.

A leading investment bank and physician-focused M&A advisor, The Bloom Organization has 30+ years of experience working exclusively on healthcare transactions assisting physicians, health systems and private equity firms in market consolidation strategies. Our clients turn to us for identifying and negotiating the strategic partnerships, joint ventures, acquisitions, and other transactions that maximize return.

Boston Scientific transforms lives through innovative solutions that improve health of patients. As a global medical technology leader for 40 years, we advance science for life by providing a range of high-performance solutions that address unmet patient needs.

Since 1963, Cook Medical has worked closely with physicians to develop technologies that eliminate the need for open surgery. Today we are combining medical devices, biologic materials and cellular therapies to help the world’s healthcare systems deliver better outcomes more efficiently. We have always remained family owned so that we have the freedom to focus on what we care about: patients, our employees and our communities. Find out more at cookmedical.com, and for the latest news, follow us on Twitter, Facebook and LinkedIn. https://www.cookmedical.com/

Cardis is a worldwide leader in the development and manufacture of interventional vascular technology, with a reputation for clinical success, training and services. For more than 60 years, Cardis has delivered revolutionary products to treat millions of patients. With an established a legacy of innovation in high-quality and less-invasive cardiovascular products, Cardis has built a strong global footprint with operations in countries around the world. Our focus is on cardiology and endovascular platforms, with high-quality products such as diagnostic and interventional catheters, balloons, self-expanding stents, guide wires, and vascular closure devices.

Comprehensive image management and reporting solution: Streamlined and intuitive, the Studycast system provides a single workflow from exam to archive. Add on the optional integration interfaces, and the system goes full circle from order to result. View diagnostic-quality images and loops, quickly generate findings, and digitally sign reports from any internet-connected device. Then, securely share them with colleagues and patients, route them to your EMR, & archive them in the cloud.

Incredibly Efficient, Fully Certified Off-Brand Lab Software for Vascular Surgeons, Interventional Cardiologists, and Interventional Radiologists. Vascular Surgeons and Physicians across the country created INKS for Vascular Surgery; EMR, Billing, Inventory, Integrated PACS, and Claims Management Software designed to streamline clinical documentation and maximize billing revenue. We have an A+ rating with BBB.

Freedom Health Partners has a very clear vision: change lives and change healthcare. We are on a journey to improve coordination of care, access to a network of top-level healthcare for all, and doing this in a lower cost setting. Our services range from initial construction and GIS development, administrative Management, medical billing, credentialing, embalming training and digital marketing. Tired of fighting your local PCP’s for referrals? Our turn key lead generation through digital marketing has proven to provide an abundant amount of patient leads. Leads that are nurtured and vetted by our team of experts and even scheduled in your clinic. Interested in adding new procedures to your lab? We can provide physician training on several of the newest and greatest embolization procedures available.

GE Healthcare is a leading global medical technology, pharmaceutical diagnostics, and digital solutions innovator, dedicated to providing integrated solutions, services and data analytics to make clinicians more effective, therapies more precise, and patient healthcare more seamless. Serving patients and providers for more than 100 years, GE Healthcare is advancing connective and compassionate care, while simplifying the patient’s journey across the care pathways. Together, we’re creating a world where healthcare has no limits. Learn more at www.gehealthcare.com
